

VDS Fish Optima 0,5%

complete premix for freshwater fish

Product VDS Fish Optima 0,5% is a complete vitamin and trace mineral premix for fresh water fish like carp, tilapia and catfish. Vitamins are supplied in a stable form to prevent losses due to water leaching or during the production process.

Inclusion rate Add 0,5% to the fish feed mix.

Upon request We can add micro-ingredients of your choice. We can design a premix for other inclusion rates. Just contact use for more information.
